Prof. Dr. Rukhsana David
Kinnaird is one of the best colleges for women in Pakistan and we are proud of its history and present achievements.

The name Kinnaird comes from Lady Mary Kinnaird who belonged to a titled family of Scotland. During the British period in India, certain British philanthropic enterprises, run by educated and sometimes very wealthy women from UK, worked for the education of women in India. Education was also a significant agenda for the family of Lady Kinnaird, who was politically involved with India. Her husband and her son successively were Chairmen of the committee that spoke on Indian issues in the British parliament. The Kinnaird family raised financial support and even donated personal funds and thus the college evolved. In 1913 from within Kinnaird High School which was already in existence. Today Kinnaird ranks as a premier institution of Pakistan for education of women, where over 2100 students are enrolled every year.

The college shifted to its present location in 1938 and is home to more than 4800 girls who study at the college. The beautifully laid out gardens provide a charming setting for the twenty acre campus.
